

Dear EAA member,

The **2nd International Conference on Underwater Acoustics**, will be held on the Greek island of **Rhodes, 22-27 June 2014**. This Conference is a successor of the European Conference on Underwater Acoustics which was held since 1992 in different European country every second year.

The European Acoustics Association (EAA) is now a sponsor of the Conference and encourages the scientists working in all aspects of underwater acoustics to submit abstracts to the Conference. For the submission of abstracts and more information on the Conference, please visit the Conference website at www.uaconferences.org .

Please note that the system for the submission of papers for the EAA members will remain open until February 28.

With my best regards

Michael Taroudakis
President of EAA
